

Children's Behavioral Health Services

Statewide Community Information Meetings

The Delaware Children's Department Division of Prevention and Behavioral Health Services is holding community meetings to share improvements being made to the public children's behavioral healthcare system, and to gather community input. The system serves children and youth who are Medicaid or CHIP recipients or are uninsured, and whose behavioral healthcare needs exceed the outpatient treatment benefit provided by Delaware's Medicaid Managed Care Organizations (MCOs).

These meetings are open to the public and all interested persons are encouraged to attend.

Advanced registration is not required.
